

INDEX, SUBJECT* — INDEKS, ONDERWERP

Volume 75 · Jaargang 75 — 2004

No. 1 — March · Maart: 1–72

No. 2 — June · Junie: 73–108

No. 3 — September: 109–152

No. 4 — December · Desember: 153–198

Animal husbandry

- An economic analysis of communal goat production 19
- An investigation into the causes of low calving percentage in communally grazed cattle in Jericho, North West Province. 30
- Effect of strategic deworming of village cattle in Uganda with moxidectin pour-on on faecal egg count and pasture larval counts 189

Anaesthesiology

- Immobilisation of impala (*Aepyceros melampus*) with a ketamine hydrochloride/medetomidine hydrochloride combination, and reversal with atipamezole hydrochloride 14
- Midazolam/ketamine induction and isoflurane maintenance of anaesthesia in a 2-month-old, hand-raised African Buffalo (*Syncerus caffer*) 43
- Severe hypoxaemia in field-anaesthetised white rhinoceros (*Ceratotherium simum*) and effects of using tracheal insufflation of oxygen 79
- A retrospective case series of computer-controlled total intravenous anaesthesia in dogs presented for neurosurgery 85
- Does the A-line ARX-Index provide a reasonable assessment of anaesthetic depth in dogs undergoing routine surgery? 110

Avian (poultry, ostriches, cage birds)

- Helminth parasites in the intestinal tract of indigenous poultry in parts of Kenya 58
- First record of *Contraecaecum* spp. (Nematoda: Anisakidae) in fish-eating birds from Zimbabwe 74
- The use of a bacterin vaccine in broiler breeders for the control of *Ornithobacterium rhinotracheale* in commercial broilers 125
- Concomitant leg injuries in raptors with wing damage 154

Bacterial, mycoplasmal and fungal diseases

- Possible death of a buffalo calf (*Syncerus caffer*) due to suspected heartwater (*Ehrlichia ruminantium*) 54
- Diagnosis of feline haemoplasma infection using a real-time PCR assay 94
- Suppurative rhinitis associated with *Haemophilus* species infection in a cat 103
- Does the A-line ARX-Index provide a reasonable assessment of anaesthetic depth in dogs undergoing routine surgery? 110
- Antibodies reactive with *Bartonella henselae* and *Ehrlichia canis* in dogs from the communal lands of Zimbabwe 116
- Are urea and creatinine values reliable indicators of azotaemia in canine babesiosis? 121
- The use of a bacterin vaccine in broiler breeders for the control of *Ornithobacterium rhinotracheale* in commercial broilers 125
- Nocardia farcinica* – a significant cause of mastitis in goats in Sudan 147

Bovine

- An investigation into the causes of low carving percentage in communally grazed cattle in Jericho, North West Province 30
- Gangrenous ergotism in cattle grazing fescue (*Festuca elatior* L.) in South Africa 45
- Detection of bovine viral diarrhoea virus in specimens from cattle in South Africa and possible association with clinical disease 90
- Evaluation of a quadrivalent inactivated vaccine for the protection of cattle against diseases due to common viral infections 137
- Knowledge and attitudes of cattle owners about trypanosomosis control in tsetse-infested areas of Uganda 173

Business management

- An analysis of opinions from veterinarians in South Africa regarding business management skills 24

Canine

- A retrospective case series of computer-controlled total intravenous anaesthesia in dogs presented for neurosurgery 85
- Does the A-line ARX-Index provide a reasonable assessment of anaesthetic depth in dogs undergoing routine surgery? 110
- Antibodies reactive with *Bartonella henselae* and *Ehrlichia canis* in dogs from the communal lands of Zimbabwe 116
- Are urea and creatinine values reliable indicators of azotaemia in canine babesiosis? 121
- Primary ciliary dyskinesia in a Staffordshire bull terrier 150
- Diagnostic value of magnetic resonance imaging and computed tomography for oral masses in dogs 163
- Retrospective study of snake envenomation in 155 dogs from the Onderstepoort area of South Africa 169
- Aldicarb poisoning of dogs and cats in Gauteng during 2003 177

Caprine

- An economic analysis of communal goat production 19
- Nocardia farcinica* – a significant cause of mastitis in goats in Sudan 147

*Parasitological Society of Southern Africa congress abstracts are indexed under Parasitology.

Clinical pathology	
Are urea and creatinine values reliable indicators of azotaemia in canine babesiosis?	121
Education and extention	
Veterinary education in South Africa: The Class of 1924	2
Veterinary education in South Africa: The Class of 1925	4
Veterinary education in South Africa: The Class of 1926	155
Knowledge and attitudes of cattle owners regarding trypanosomosis control in tsetse-infested areas of Uganda	173
Epidemiology	
Antibodies reactive with <i>Bartonella henselae</i> and <i>Ehrlichia canis</i> in dogs from the communal lands of Zimbabwe	116
Equine	
The use of the standard exercise test to establish the clinical significance of mild echocardiographic changes in a Thoroughbred poor performer	100
Helminths in horses: use of selective treatment for the control of strongyles	129
The inheritance of liability to epistaxis in the southern African Thoroughbred	158
Feline	
Diagnosis of feline haemoplasma infection using a real-time PCR assay	94
Suppurative rhinitis associated with <i>Haemophilus</i> species infection in a cat	103
Aldicarb poisoning of dogs and cats in Gauteng during 2003	177
History	
Veterinary education in South Africa: The Class of 1924	2
Veterinary education in South Africa: The Class of 1925	4
Veterinary education in South Africa: The Class of 1926	155
Medicine	
The diagnosis and management of snakebite in dogs – a southern African perspective	7
Primary ciliary dyskinesia in a Staffordshire bull terrier	150
Neoplasia	
Diagnostic value of magnetic resonance imaging and computed tomography for oral masses in dogs	163
Nutrition	
Nutritional secondary hyperparathyroidism in a white lion cub (<i>Panthera leo</i>), with concomitant radiographic double cortical line	49
Parasitology	
Cutaneous hypersensitivity induced in rabbits by extracts of the tick <i>Amblyomma cajennense</i> (Acari: Ixodidae)	37
Cross-reactivity between antigens from <i>Amblyomma cajennense</i> and <i>A. hebraeum</i> (Acari: Ixodidae)	40
Helminth parasites in the intestinal tract of indigenous poultry in parts of Kenya	58
Parasitological Society of Southern Africa — Abstracts of papers and posters presented at the 32nd Annual Scientific Meeting in association with the South African Society of Travel Medicine (SASTM), 7–10 October 2003	61
<i>Papers</i>	
Malaria case management in South Africa: the national perspective	61
Traditional methods <i>versus</i> geometric morphometric analysis in determining relatedness in 3 <i>Amblyomma</i> species	61
Equine anthelmintic resistance in the Western Cape Province	61
Micromorphology of the giant vulture louse <i>Laemobothrion vulturis</i>	61
Functional specialisations of the louse <i>Docophoroides brevis</i> from the wandering albatross	62
<i>Plasmodium vivax</i> malaria in South-East Iran in 1999–2001: establishment of the responses to chloroquine <i>in vitro</i> and <i>in vivo</i> ..	62
Intestinal parasites of brown rats (<i>Rattus norvegicus</i>) in southern of Iran	62
Cutaneous hypersensitivity induced in rabbits by extracts of the tick <i>Amblyomma cajennense</i> (Fabricius, 1787)	62
Trends in malaria control in South Africa: 1971–1993	63
<i>Cristispira</i> spp. associated with the digestive tracts of bivalve molluscs	63
Identification of cercariae in South Africa and Botswana	63
Field assessment of non-target effects of selected cattle anti-parasiticides on dung beetles	63
The impact of resistance on malaria epidemics in KwaZulu-Natal	64
The responsibility of Industry towards parasite resistance	64
Cercariae shed by freshwater snails in and around Pretoria	64
A spatial investigation of antimalarial drug resistance in Africa	64
A study on the morphological measurements of a <i>Diplozoon</i> sp. from the gills of <i>Labeo umbratus</i> in the Vaal River System, South Africa	65
Pesticide resistance in arthropod pests of livestock: mechanisms, monitoring and management	65
The efficacy of triclobandazole and average daily weight gain and feed conversion of feedlot cattle treated 4 and 8 weeks after artificial infections with liver fluke	65

Aspects of the life-cycle of <i>Lamproglena clariae</i> from the Vaal River System, South Africa	65
The efficacy of triclabendazole against artificial infections of <i>Fasciola hepatica</i> in sheep	66
Think refugia to unlock the mental block on drug resistance	66
Worms and the resource-poor owner of small ruminant livestock in South Africa	66
The impact of parasiticide mismanagement on wildlife in South Africa	66
Africa, a possible origin of the amphibian chytrid fungus	67
Posters	
Amoebiasis prevalence at King Edward VIII Hospital in Durban – a 10-year retrospective study	67
Some effects of garlic on the salivary gland structure and function of feeding adult <i>Hyalomma marginatum rufipes</i> females ...	67
Sero-diagnosis of <i>Trichomonas vaginalis</i>	67
<i>In-vitro</i> susceptibility testing of <i>Trichomonas vaginalis</i>	68
Karyotyping of <i>Trichomonas vaginalis</i>	68
Sexual dimorphism in the albatross louse <i>Harrisoniella hopkinsi</i> (Eichler, 1952)	68
<i>In vitro</i> monitoring of <i>Plasmodium vivax</i> sensitivity to chloroquine in Thailand	68
Prevalence of <i>Trypanosoma lewisi</i> in rats in the southern parts of Iran	69
The effect of <i>Amblyomma cajennense</i> and <i>Rhipicephalus sanguineus</i> saliva on the <i>in vitro</i> proliferative responses of T lymphocytes from BALB/c mice	69
The effect of plant extracts on host resistance to tick infestation	69
Developing methods for the screening of ethnoveterinary plants for tick control	69
Impact of environmental conditions on the prevalence of intestinal parasites in the Durban metropolitan area	69
An analysis of malaria cases occurring at the Ga-Rankuwa Hospital over a 5-month period in 2003	70
Field efficacy study of 2 proprietary anthelmintics against natural infections of nematode parasites in impala (<i>Aepyceros melampus</i>)	70
Field tick efficacy study in buffalo with an amitraz/cypermethrin pour-on	70
The efficacy of an amitraz/cypermethrin pour-on applied topically against the lice of ostriches (<i>Struthio camelus</i>)	70
Field efficacy study of 2 proprietary anthelmintics against infections of nematode parasites in ostriches (<i>Struthio camelus</i>) ...	71
First record of <i>Contraecaecum</i> spp. (Nematoda: Anisakidae) in fish-eating birds from Zimbabwe	74
Helminths in horses: use of selective treatment for the control of strongyles	129
Susceptibility of 7 freshwater gastropod species in Zimbabwe to infection with <i>Gastrodiscus aegyptiacus</i> (Cobbold, 1876) Looss, 1896	186
Effect of strategic deworming of village cattle in Uganda with moxidectin pour-on on faecal egg count and pasture larval counts	189
Pathology	
Diagnostic value of magnetic resonance imaging and computed tomography for oral masses in dogs	163
Pharmacology	
Are urea and creatinine values reliable indicators of azotaemia in canine babesiosis?	121
Evaluation of hydroxypropyl- β -cyclodextrin in the treatment of aldicarb poisoning in rats	182
Primary animal health care	
Effect of strategic deworming of village cattle in Uganda with moxidectin pour-on on faecal egg count and pasture larval counts	189
Production	
An economic analysis of communal goat production	19
Knowledge and attitudes of cattle owners regarding trypanosomosis control in tsetse-infested areas of Uganda	173
Protozoal diseases	
Are urea and creatinine values reliable indicators of azotaemia in canine babesiosis?	121
Knowledge and attitudes of cattle owners regarding trypanosomosis control in tsetse-infested areas of Uganda	173
Radiology	
Nutritional secondary hyperparathyroidism in a white lion cub (<i>Panthera leo</i>), with concomitant radiographic double cortical line	49
Diagnostic value of magnetic resonance imaging and computed tomography for oral masses in dogs	163
Reproduction	
An investigation into the causes of low carving percentage in communally grazed cattle in Jericho, North West Province	30
Toxicology	
The diagnosis and management of snakebite in dogs – a southern African perspective	7
Gangrenous ergotism in cattle grazing fescue (<i>Festuca elatior</i> L.) in South Africa	45
Retrospective study of snake envenomation in 155 dogs from the Onderstepoort area of South Africa	169
Aldicarb poisoning of dogs and cats in Gauteng during 2003	177
Evaluation of hydroxypropyl- β -cyclodextrin in the treatment of aldicarb poisoning in rats	182

Viral diseases

Detection of bovine viral diarrhoea virus in specimens from cattle in South Africa and possible association with clinical disease	90
Evaluation of a quadrivalent inactivated vaccine for the protection of cattle against diseases due to common viral infections	137

Wildlife / exotic diseases

Immobilisation of impala (<i>Aepyceros melampus</i>) with a ketamine hydrochloride/medetomidine hydrochloride combination, and reversal with atipamezole hydrochloride	14
Midazolam/ketamine induction and isoflurane maintenance of anaesthesia in a 2-month-old, hand-raised African Buffalo (<i>Syncercus caffer</i>)	43
Nutritional secondary hyperparathyroidism in a white lion cub (<i>Panthera leo</i>), with concomitant radiographic double cortical line	49
Possible death of a buffalo calf (<i>Syncercus caffer</i>) due to suspected heartwater (<i>Ehrlichia ruminantium</i>)	54
Severe hypoxaemia in field-anaesthetised white rhinoceros (<i>Ceratotherium simum</i>) and effects of using tracheal insufflation of oxygen	79
