

# INDEX, SUBJECT\* – INDEKS, ONDERWERP

## Volume 73 • Jaargang 73 — 2002

No. 1 — March • Maart: 1–46

No. 2 — June • Junie: 47–88

No. 3 — September: 89–160

No. 4 — December • Desember: 161–237

### Anaesthesiology

- The cardiovascular and respiratory effects of medetomidine and thiopentone anaesthesia in dogs breathing at an altitude of 1486 m ..... 104
- Electrical nerve stimulation as an aid to the placement of a brachial plexus block ..... 216

### Anatomy

- A congenital defect of the distal forelimb of a cat and of a dog ..... 2

### Animal husbandry

- Possible application of a nematophagous fungus as a biological control agent of parasitic nematodes on commercial sheep farms in South Africa ..... 31
- Raising livestock in resource-poor communities of the North West Province of South Africa – a participatory rural appraisal study ..... 177
- Supply of veterinary medicinal products to an emerging farming community in the North West Province of South Africa .. 185
- Evaluation of oestrus observation and conception rates in suckling beef cows using whole milk progesterone concentration 190

### Avian (poultry, ostriches, cage birds)

- Morphological and histochemical observations of the organic components of ostrich eggshell ..... 3
- Preliminary results on the use of diagnostic ultrasonography as a diagnostic tool to quantify reproductivity in breeding ostrich females (*Struthio camelus australis*) ..... 48

### Bacterial, mycoplasmal and fungal diseases/bacteriology

- Neosporosis in a white rhinoceros (*Ceratotherium simum*) calf ..... 38
- Prevalence of coagulase-negative staphylococci in bovine mastitis in Zimbabwe ..... 62
- The use of liposomal amphotericin B in the management of *Xylohypha bantiana* mycosis in a dog ..... 79
- Diagnosis and medical treatment of otitis externa in the dog and cat. .... 162

### Book reviews

- Alternative and complementary veterinary medicine* ..... 43
- Risk analysis in aquatic animal health* ..... 88

### Bovine

- Prevalence of coagulase-negative staphylococci in bovine mastitis in Zimbabwe ..... 62
- Collection of preputial material by scraping and aspiration for the diagnosis of *Tritrichomonas foetus* in bulls ..... 66
- A questionnaire survey of the management and use of anthelmintics in cattle and antelope in mixed farming systems in Zimbabwe ..... 70
- Evaluation of oestrus observation and conception rates in suckling beef cows using whole milk progesterone concentration 190
- Serodiagnosis of bovine cysticercosis by detecting live *Taenia saginata* cysts using a monoclonal antibody-base antigen-ELISA ..... 201

### Canine

- Another human ear tick case ..... 2
- A congenital defect of the distal forelimb of a cat and of a dog ..... 2
- An epidemiological survey demonstrating decline in reproductive efficiency with age and non-seasonality of reproductive parameters in German shepherd bitches in Kenya ..... 36
- The breed prevalence of Dog Erythrocyte Antigen 1.1 in the Onderstepoort area of South Africa and its significance in selection of canine blood donors ..... 53
- The use of liposomal amphotericin B in the management of *Xylohypha bantiana* mycosis in a dog ..... 79
- Renal T-cell lymphoma with cerebral metastasis in a dog with chronic canine ehrlichiosis ..... 83
- The cardiovascular and respiratory effects of medetomidine and thiopentone anaesthesia in dogs breathing at an altitude of 1486 m ..... 104
- Canine filariasis caused by *Dirofilaria immitis* in Mozambique: a small survey based on the identification of microfilariae. .... 124
- Suspected primary immune deficiency in a Donge de Bordeaux dog ..... 133
- Diagnosis and medical treatment of otitis externa in the dog and cat. .... 162
- An investigation into the usefulness of a rostrocaudal nasal radiographic view in the dog ..... 171
- Magnetic resonance imaging of a cerebral cavernous haemangioma in a dog ..... 207
- Tremorgenic neuromycotoxicosis in 2 dogs ascribed to the ingestion of penitrem A and possibly roquefortine in rice contaminated with *Penicillium crustosum* ..... 211

\*PARSA abstracts are indexed under Parasitology.

## Caprine/ovine

Genetic parameters for resistance to <i>Haemonchus contortus</i> in Merino sheep in South Africa	4
Ixodid ticks on indigenous goats owned by small-scale farmers in four communal grazing areas in South Africa	26
Possible application of a nematophagous fungus as a biological control agent of parasitic nematodes on commercial sheep farms in South Africa	31
Induction of photosensitivity in sheep with <i>Erodium moschatum</i> (L.) L'Hérit.	57
Apparent idiopathic interface disease in a Boer billy goat	77
A severe case of contagious ecthyma in Tswana goats	86
Attempted treatment of cutaneous lymphomatosis in a ram	90
<i>Haemonchus</i> spp. in sheep farmed under resource-poor conditions in South Africa – effect on haematocrit, conjunctival mucous membrane colour and body condition	119
Effect of clenbuterol on growth, nitrogen and energy balances and endocrine status in food-restricted sheep	127
Host preference of the sheep scab mite, <i>Psoroptes ovis</i>	135
The rate of spread of sheep scab within small groups of Merino and Dorper sheep	137
A survey of trypanosomosis in Zambian goats using haematocrit centrifuge technique and polymerase chain reaction	224

## Clinical pathology/Chemical pathology

The breed prevalence of Dog Erythrocyte Antigen 1.1 in the Onderstepoort area of South Africa and its significance in selection of canine blood donors	53
The effect of storage conditions on samples for the evaluation of copper status in blesbok ( <i>Damaliscus pygargus phillipsi</i> )	111
Suspected primary immune deficiency in a Donge de Bordeaux dog	133
A case of anaemia in a neonatal warthog ( <i>Phacochoerus aethiopicus</i> ) and evaluation of serum-soluble iron in warthogs	139

## Continuing education

A comparison of the surgical caseloads of selected companion animal hospitals and a veterinary academic hospital in South Africa	115
----------------------------------------------------------------------------------------------------------------------------------	-----

## Epidemiology

A survey of trypanosomosis in Zambian goats using haematocrit centrifuge technique and polymerase chain reaction	224
An epidemiological survey demonstrating decline in reproductive efficiency with age and non-seasonality of reproductive parameters in German shepherd bitches in Kenya	36

## Equine

Plant poisonings and mycotoxicoses of importance in horses in southern Africa.	91
An introductory survey of helminth control practices in South Africa and anthelmintic resistance on Thoroughbred stud farms in the Western Cape Province	195
Microsatellite analysis of cryopreserved stallion semen stored on FTA <sup>®</sup> paper	222

## Feline

A congenital defect of the distal forelimb of a cat and of a dog	2
Diagnosis and medical treatment of otitis externa in the dog and cat	162
Cerebral cysticercosis in a cat	219

## Genetics

A congenital defect of the distal forelimb of a cat and of a dog	2
Genetic parameters for resistance to <i>Haemonchus contortus</i> in Merino sheep in South Africa	4
The breed prevalence of Dog Erythrocyte Antigen 1.1 in the Onderstepoort area of South Africa and its significance in selection of canine blood donors	53
Suspected primary immune deficiency in a Donge de Bordeaux dog	133

## Medicine

The use of liposomal amphotericin B in the management of <i>Xylohypha bantiana</i> mycosis in a dog	79
Renal T-cell lymphoma with cerebral metastasis in a dog with chronic canine ehrlichiosis	83
Diagnosis and medical treatment of otitis externa in the dog and cat.	162
Overview of suspected adverse reactions to veterinary medicinal products reported in South Africa (March 2001 – February 2002)	227
Tremorgenic neuromycotoxicosis in 2 dogs ascribed to the ingestion of penitrem A and possibly roquefortine in rice contaminated with <i>Penicillium crustosum</i>	211

## Neoplasia

Renal T-cell lymphoma with cerebral metastasis in a dog with chronic canine ehrlichiosis	83
Magnetic resonance imaging of a cerebral cavernous haemangioma in a dog	207

## Nutrition

Effect of clenbuterol on growth, nitrogen and energy balances and endocrine status in food-restricted sheep	127
-------------------------------------------------------------------------------------------------------------	-----

## Parasitology

Another human ear tick case	2
Genetic parameters for resistance to <i>Haemonchus contortus</i> in Merino sheep in South Africa	4
A preliminary undifferentiated faecal egg count reduction test survey in the Caledon area	23

Ixodid ticks on indigenous goats owned by small-scale farmers in four communal grazing areas in South Africa	26
Possible application of a nematophagous fungus as a biological control agent of parasitic nematodes on commercial sheep farms in South Africa	31
A questionnaire survey of the management and use of anthelmintics in cattle and antelope in mixed farming systems in Zimbabwe	70
Ixodid ticks on cattle belonging to small-scale farmers at 4 communal grazing areas in South Africa	98
<i>Haemonchus</i> spp. in sheep farmed under resource-poor conditions in South Africa – effect on haematocrit, conjunctival mucous membrane colour and body condition	119
Canine filariasis caused by <i>Dirofilaria immitis</i> in Mozambique: a small survey based on the identification of microfilariae	124
The prevalence of <i>Cowdria ruminantium</i> in free-living adult <i>Amblyomma hebraeum</i> collected at a communal grazing area and in 2 wildlife reserves in South Africa	131
Host preference of the sheep scab mite, <i>Psoroptes ovis</i>	135
The rate of spread of sheep scab within small groups of Merino and Dorper sheep	137
<b>PARSA conference abstracts</b>	
Parasitological Society of Southern Africa – 30th Annual Scientific Meeting	142
The role of cytokines in human infectious diseases [Abstract]	142
Ascariasis: medical and public health significance [Abstract]	142
Effect of schistosomiasis and HIV co-infections on immune responses in humans [Abstract]	142
Development of partnership programmes for mass-deworming [Abstract]	142
Scale and inferences in parasite molecular phylogenetics and co-evolution [Abstract]	142
African human trypanosomiasis (sleeping sickness): overview and control [Abstract]	143
Origin and phylogeny of leeches, with notes on the evolution of anticoagulants [Abstract]	143
Developments in helminth systematics [Abstract]	143
Helminth control practices on Thoroughbred horse farms in South Africa [Abstract]	143
Parasitic helminths of veterinary importance in the northeastern Free State, South Africa [Abstract]	144
A new cestode from the intestine of <i>Clarias gariepinus</i> (Burchell, 1822) [Abstract]	144
Polystomatid marginal hooklet as taxonomic character [Abstract]	144
Pentastomid parasites from Nile crocodiles and terrapins from South Africa [Abstract]	144
A protective and agonistic function of interleukin-12p40 in mycobacterial infection [Abstract]	145
Latency and reactivation of tuberculosis: a murine model [Abstract]	145
Innate and adaptive immunity against <i>Schistosoma mansoni</i> downregulates protective interferon gamma (IFN- $\gamma$ ) responses against <i>Listeria monocytogenes</i> [Abstract]	145
The functional micromorphology of the goat-biting louse ( <i>Bovicola caprae</i> ) [Abstract]	146
<i>Mycobacterium tuberculosis</i> infection in lymphotoxin- deficient mice [Abstract]	146
A preliminary study on acaricide resistance profiles of single and multi-host ticks collected from commercial and communal farming areas in the Eastern Cape and North West provinces of South Africa [Abstract]	146
A comparative SEM study of Haller's organ in 3 African <i>Amblyomma</i> tick species [Abstract]	146
Parasites of veterinary importance in small stock in the northeastern region of the Free State province, South Africa [Abstract]	147
The functional micromorphology of the spiracles of the adult tortoise tick <i>Amblyomma marmoreum</i> [Abstract]	147
Preparation of fluid and mucoid stools for microscopy by means of a modified formal-ether concentration technique [Abstract]	147
A comparison between the locally produced Polychem Kit and the imported Brazilian Kato-Katz Kit for use in monitoring helminth control programmes [Abstract]	147
Teachers deworm children in a sustained programme in a west coast community [Abstract]	148
A deworming project carried out by health personnel at primary schools in the Boland/Overberg Region [Abstract]	148
Deworming by teachers in Khayelitsha, near Cape Town, South Africa [Abstract]	148
Geohelminth transmission in slum-dwelling children in Durban, South Africa [Abstract]	149
A survey for intestinal parasites in faecal samples submitted to provincial laboratories in KwaZulu-Natal [Abstract]	149
An evaluation of a school-based programme for the prevention of helminthiasis in children [Abstract]	149
A sero-epidemiological survey of parasites in cattle in the northeastern Free State, South Africa [Abstract]	150
Serological status of vaccinated and unvaccinated cattle to <i>Babesia bigemina</i> and <i>Babesia bovis</i> in an endemic tick-borne disease area of South Africa [Abstract]	150
Diseases of free-ranging chickens in the Qwa-Qwa district of the Free State province of South Africa [Abstract]	150
Survival of <i>Paenibacillus larvae</i> larvae spores [Abstract]	150
The amphibian chytrid, <i>Batrachochytrium dendrobatidis</i> (Chytridiomycota: Chytridiomycetes) in South Africa [Abstract]	151
Malaria control in South Africa: an overview [Abstract]	151
The protective role of IgM in African trypanosomiasis [Abstract]	151
The role of IL-12 in African trypanosomiasis [Abstract]	152
Species-specific polymerase chain reaction assay to identify members of the major African malaria vector <i>Anopheles funestus</i> and allied species [Abstract]	152
Control of experimental trypanosomiasis is dependent on infection-associated tumour necrosis factor (TNF) production and anti-trypanosome antibody induction, but does not require the presence of peripheral lymphoid organs and is independent of lymphotoxin-a induction [Abstract]	152

Evaluation of a rapid diagnostic method (ICT) as an alternative to microscopy for the diagnosis of malaria in the Limpopo Province [Abstract] . . . . .	152
Molecular epidemiology of Malaria: implications of human migration for malaria resistance in South Africa [Abstract] . . . . .	153
Tetramethylpiperidine-substituted phenazines inhibit growth of <i>Plasmodium falciparum</i> by interfering with parasite haemoglobin metabolism [Abstract] . . . . .	153
Unusual parasites and common artefacts found in human stools [Abstract] . . . . .	153
<i>Trypanosoma clariense</i> Pienaar, 1962 (Sarcomastigophora: Kinetoplastida) in <i>Clarias gariepinus</i> (Burchell, 1822) and its biological vector <i>Batrachobdelloides tricarinata</i> (Blanchard, 1897) (Hirudinea: Glossiphoniidae) [Abstract] . . . . .	153
A comparative study of stomach and intestine contents in <i>Barbus aeneus</i> and <i>Barbus kimberleyensis</i> in the Vaal Dam to clarify variance in tapeworm infestation [Abstract] . . . . .	153
The unique ambulacra specialisations of the louse fly <i>Pseudolynchia canariensis</i> [Abstract] . . . . .	154
The KwaZulu-Natal school-based parasite control programme: 1998–2000 [Abstract] . . . . .	154
Serum cross-reactivity of <i>Ascaris</i> -infected Xhosa children to the fish parasite <i>Anisakis</i> [Abstract] . . . . .	154
IgM specific <i>Toxoplasma</i> antibodies among women attending public sector antenatal clinics in KwaZulu-Natal [Abstract] . . . . .	154
<i>Anasakis pegreffii</i> : antigen recognition and antibody production in experimentally infected mice [Abstract] . . . . .	155
Treatment of acanthamoebic keratitis [Abstract] . . . . .	155
The efficacy of ivermectin against roundworms and ascarids in pigs in South Africa [Abstract] . . . . .	155
Pilot survey: intestinal parasite control in dogs and cats by owners in Gauteng [Abstract] . . . . .	155
The anti-microbial properties of <i>Carica papaya</i> [Abstract] . . . . .	156
Malaria mortality over time from 1994 to 1999 in rural KwaZulu-Natal [Abstract] . . . . .	156
Priming of T-helper cell differentiation may influence the outcome of infectious and parasitic diseases [Abstract] . . . . .	156
Impact of schistosomiasis on HIV-1 susceptibility and progression: HIV-1 chemokine co-receptor analysis and <i>in vitro</i> HIV-infectivity [Abstract] . . . . .	156
Ascariasis suppresses the immune response to an oral vaccine [Abstract] . . . . .	157
Interaction of BCG vaccination scar status and Mantoux skin test responses with ascariasis and trichuriasis in a community with a high incidence of tuberculosis [Abstract] . . . . .	157
Cell-mediated immune responses in rural Ugandans co-infected with the filarial nematode <i>Onchocerca volvulus</i> and the Human Immunodeficiency Virus (HIV) type 1 [Abstract] . . . . .	157
The impact of <i>Mycobacterium tuberculosis</i> and gut parasite co-infections on the status of HIV-1 infection: an observation cohort study [Abstract] . . . . .	158
School-based eosinophilia can be reduced by mass-deworming [Abstract] . . . . .	158
Parasitology and commercial game farming in South Africa [Abstract] . . . . .	158
Some helminths of wildlife [Abstract] . . . . .	158
The efficacy of amprolium against coccidiosis in captive buffalo ( <i>Syncerus caffer</i> ) in the Kruger National Park [Abstract] . . . . .	159
Blood parasites affecting the game industry [Abstract] . . . . .	159
An introductory survey of helminth control practices in South Africa and anthelmintic resistance on Thoroughbred stud farms in the Western Cape Province . . . . .	195
Serodiagnosis of bovine cysticercosis by detecting live <i>Taenia saginata</i> cysts using a monoclonal antibody-based antigen-ELISA . . . . .	201
Cerebral cysticercosis in a cat . . . . .	219
<b>Pathology</b>	
Cerebral cysticercosis in a cat . . . . .	219
<b>Pharmacology</b>	
Supply of veterinary medicinal products to an emerging farming community in the North West Province of South Africa. . . . .	185
Overview of suspected adverse reactions to veterinary medicinal products reported in South Africa (March 2001 – February 2002) . . . . .	227
<b>Physiology</b>	
Protective effect of clenbuterol on duodenal epithelium during food restriction in rats . . . . .	74
Effect of clenbuterol on growth, nitrogen and energy balances and endocrine status in food-restricted sheep . . . . .	127
Electrical nerve stimulation as an aid to the placement of a brachial plexus block . . . . .	216
<b>Porcine</b>	
Cytomegalovirus infection in a pig in South Africa . . . . .	44
<b>Primary animal health care</b>	
A questionnaire survey of the management and use of anthelmintics in cattle and antelope in mixed farming systems in Zimbabwe . . . . .	70
Plant poisonings and mycotoxicoses of importance in horses in southern Africa. . . . .	91
<i>Haemonchus</i> spp. in sheep farmed under resource-poor conditions in South Africa – effect on haematocrit, conjunctival mucous membrane colour and body condition . . . . .	119
The prevalence of <i>Cowdria ruminantium</i> in free-living adult <i>Amblyomma hebraeum</i> collected at a communal grazing area and 2 wildlife reserves in South Africa . . . . .	131
Raising livestock in resource-poor communities of the North West Province of South Africa – a participatory rural appraisal study . . . . .	177

<b>Production</b>	
Ixodid ticks on indigenous goats owned by small-scale farmers in four communal grazing areas in South Africa . . . . .	26
<b>Protozoal diseases</b>	
Collection of preputial material by scraping and aspiration for the diagnosis of <i>Tritrichomonas foetus</i> in bulls . . . . .	66
A survey of trypanosomosis in Zambian goats using haematocrit centrifuge technique and polymerase chain reaction . . . . .	224
<b>Radiology</b>	
An investigation into the usefulness of a rostrocaudal nasal radiographic view in the dog . . . . .	171
Magnetic resonance imaging of a cerebral cavernous haemangioma in a dog . . . . .	207
<b>Reports</b>	
Overview of suspected adverse reactions to veterinary medicinal products reported in South Africa (March 2001 – February 2002) . . . . .	227
<b>Reproduction</b>	
An epidemiological survey demonstrating decline in reproductive efficiency with age and non-seasonality of reproductive parameters in German shepherd bitches in Kenya . . . . .	36
Preliminary results on the use of diagnostic ultrasonography as a diagnostic tool to quantify reproductivity in breeding ostrich females ( <i>Struthio camelus australis</i> ) . . . . .	48
Collection of preputial material by scraping and aspiration for the diagnosis of <i>Tritrichomonas foetus</i> in bulls . . . . .	66
Evaluation of oestrus observation and conception rates in suckling beef cows using whole milk progesterone concentration. . . . .	190
Microsatellite analysis of cryopreserved stallion semen stored on FTA® paper . . . . .	222
<b>Review articles</b>	
Plant poisonings and mycotoxicoses of importance in horses in southern Africa . . . . .	91
Diagnosis and medical treatment of otitis externa in the dog and cat . . . . .	162
<b>Rickettsial diseases</b>	
Renal T-cell lymphoma with cerebral metastasis in a dog with chronic canine ehrlichiosis . . . . .	83
The prevalence of <i>Cowdria ruminantium</i> in free-living adult <i>Amblyomma hebraeum</i> collected at a communal grazing area and in 2 wildlife reserves in South Africa . . . . .	131
<b>Surgery</b>	
A comparison of the surgical caseloads of selected companion animal hospitals and a veterinary academic hospital in South Africa . . . . .	115
<b>Toxicology</b>	
Induction of photosensitivity in sheep with <i>Erodium moschatum</i> (L.) L'Hérit . . . . .	57
Plant poisonings and mycotoxicoses of importance in horses in southern Africa . . . . .	91
Tremorgenic neuromycotoxicosis in 2 dogs ascribed to the ingestion of penitrem A and possibly roquefortine in rice contaminated with <i>Penicillium crustosum</i> . . . . .	211
<b>Veterinary education and extension</b>	
A comparison of the surgical caseloads of selected companion animal hospitals and a veterinary academic hospital in South Africa . . . . .	115
<i>Haemonchus</i> spp. in sheep farmed under resource-poor conditions in South Africa – effect on haematocrit, conjunctival mucous membrane colour and body condition . . . . .	119
Supply of veterinary medicinal products to an emerging farming community in the North West Province of South Africa . . . . .	185
Raising livestock in resource-poor communities of the North West Province of South Africa – a participatory rural appraisal study . . . . .	177
<b>Virus diseases</b>	
Clinical and serological response of wild dogs ( <i>Lycan pictus</i> ) to vaccination against canine distemper, canine parvovirus infection and rabies . . . . .	8
Cytomegalovirus infection in a pig in South Africa . . . . .	44
A severe case of contagious ecthyma in Tswana goats . . . . .	86
Ixodid ticks on cattle belonging to small-scale farmers at 4 communal grazing areas in South Africa . . . . .	98
<b>Wildlife/exotic animals</b>	
Clinical and serological response of wild dogs ( <i>Lycan pictus</i> ) to vaccination against canine distemper, canine parvovirus infection and rabies . . . . .	8
Neosporosis in a white rhinoceros ( <i>Ceratotherium simum</i> ) calf . . . . .	38
A questionnaire survey of the management and use of anthelmintics in cattle and antelope in mixed farming systems in Zimbabwe . . . . .	70
The effect of storage conditions on samples for the evaluation of copper status in blesbok ( <i>Damaliscus pygargus phillipsi</i> ) . . . . .	111
The prevalence of <i>Cowdria ruminantium</i> in free-living adult <i>Amblyomma hebraeum</i> collected at a communal grazing area and in 2 wildlife reserves in South Africa . . . . .	131
